

SERVICE PRICE LIST 2023

Tools	Product SKU	GBP	Euro
Hand Tools Calibrated in accordance with BS EN ISO 6789:2017			
All calibration come with adjustment and minor repair of tool where possible			
Preset hand tool - Traceable	912301	90.00	108.00
Adjustable hand tool - Traceable (includes Dial, electric, digital and manual tools)	912201	200.00	240.00
Preset hand tool with UKAS calibration	912401	140.00	168.00
Adjustable hand tool with UKAS calibration (includes Dial, electric, digital and manual tools)	912203	250.00	300.00
Add ons:			
Extreme Range - Capacity is either - greater than 500Nm - less than or equal to 1Nm		25.00	30.00
First Time set up & Uncertainty calculations (custom adaptors, special end fittings, non Gedore tools)		90.00	108.00
High Torque Drivers (90-24000Nm)			
Battery (Gen 1), Pnumatic, Manual	967205	265	320
Add ons:			
Cal & Repair Tier 1 - Cal and cosmetic repair	967101	420.00	525.00
Cal & Repair Tier 2 - Tier1 + PCB and motor	967105	1,100.00	1,375.00
Cal & Repair Tier 3 - Tier 2 + Gear housing	967201	1,500.00	1,875.00
Ancillaries - Reaction arms, cases, batteries/chargers		POA	POA
Inspection fee (if quotation declined)		100.00	
Mechanical Torque Analysers (One direction)			
MTP, MTS, TCA, & STM (These cannot be UKAS'd or repaired)	967101	450.00	300.00
Add ons:			
First time Setup (custom adaptors, special end fittings, first time set up for Non-Gedore tools)		150.00	180.00
Non Gedore tool (Non Gedore tools after first calibration)		40.00	48.00
Torque Sensors / Transducers And Electronic Torque Analysers			
Sensors - Traceable one direction with a standard range (i.e.10% for Capture Sensors, 20% of Capacity for all other manufacturer's product)	924101	220.00	264.00
Sensors - Traceable Both directions with a standard range (i.e.10% for Capture Sensors, 20% of Capacity for all other products)	924201	440.00	528.00
UKAS - one direction Range of UKAS calibration is from 10% of Capacity for Capture Sensors and from 20% of Capacity for all other products	924103	420.00	504.00
UKAS - Both directions Range of UKAS calibration is from 10% of Capacity for Capture Sensors and from 20% of Capacity for all other products	924203	640.00	768.00
Add ons:			
Non Standard Range (see description of Calibration for description standard range)		180.00	216.00
Extreme Range - Capacity is either - greater than 500Nm - less than or equal to 1Nm		70.00	84.00
First time Setup (custom adaptors, special end fittings, first time set up for Non-Gedore tools)		40.00	48.00
Capture repair		350.00	420.00
XR sensor repair		700.00	840.00
Other			
Capture Display	931301	255.00	306.00
Replacement Certificate	900001	35.00	42.00
Full Repair Report (must be specified before work is carried out)	931101	75.00	90.00
48 Hr Fast Track Service per tools (subject to T's and C's and availability)	900000	50.00	60.00

UKAS ACCREDITATION

TORQUE WRENCHES / SCREWDRIVERS: 0.14 - 1000N.m

TRANSDUCERS: 0.2 - 3000 N.m
